

MAKE BIG FIGHT IN NORFOLK COUNTY

Sheriff Cromwell Heads Movement to Form Clubs and Wage Aggressive Campaign.

PREPARING FOR SCHOOL TERM

Norfolk and Portsmouth Boards to See That All Pupils Are Provided For.

(Special to The Times-Dispatch.)

NORFOLK, September 3.—Sheriff A. C. Cromwell, of Norfolk county, is at the head of a movement for the establishment of Bryan-Kern-Maynard clubs in all the magisterial districts of the county. Sheriff Cromwell proposes to wage an active campaign against the Republican nominee, and to run up a big majority for the national ticket, as well as for Mr. Maynard.

It is known that the Republicans are building high hopes on carrying Norfolk county. In the years past a fusion faction of white Republicans and Democrats have ruled the county, and the G. O. P. base their hopes on controlling this vote. Sheriff Cromwell is confident that they will realize their mistake at the November election, and that Maynard and the Democratic ticket will poll a larger majority than Maynard did in the primary. The only thing to overcome, in the opinion of Sheriff Cromwell, is overconfidence, which will lead to many voters staying away from the polls.

Preparing for Schools.
The Norfolk and Portsmouth School Boards are now busily engaged in preparations for the opening of the next scholastic year in the public schools. It is recognized that the school facilities, harking the High School situation in both cities, are ample to take care of the large attendance of white children. It is shown that on the boards to see that every child in the two cities is provided with accommodations.

It may be necessary in some instances to rent additional and temporary quarters, but this will be done if deemed expedient to meet an emergency.

The Norfolk school enrollment will be over the 100 mark this year, while in Portsmouth, it is estimated must care for between 2,500 and 3,000 children.

Building in August.

The monthly report of the Building Inspector for August, submitted to the Board of Control, shows that during the last summer month fifty permits to erect buildings were issued, and that the aggregate costs were \$12,187, which is an increase of \$8,819 over the same month of 1902. Of the permits issued, twenty-one were for residences, and the total costs of these is placed at \$7,760. The cost of the dwellings will be \$2,500.

Texas Placed in Commission.

The United States ship Texas, which has been lying up at the Norfolk yard for some time, was again placed into commission, and, supplied with a crew, and is being prepared for use at Port Royal, S. C., where it is to be used as the headquarters for the officers of the torpedo flotilla, soon to be removed to that port.

SOUTH RIVER CLUB

Democrats of Waynesboro and Vicinity Getting Down to Work.

(Special to The Times-Dispatch.)
WAYNESBORO, Va., September 3.—Prominent Democrats of Waynesboro and South River district of Augusta county met in Waynesboro on Saturday and organized the South River Democratic Club, with a membership composed of over 175 business men and prosperous farmers.

The following officers were elected: President, J. F. Templeton; First Vice-President, C. B. Collier; Second Vice-President, John F. Leonard; Third Vice-President, Hon. J. E. Cooke; Mayor of the City, Wm. F. Smith; Secretary, J. H. Harper; Assistant Secretary, H. M. Magle; Treasurer, B. O. Adams. Executive and finance committees were also elected, and the organization completed and steps taken for an active campaign.

Arrangements are being made for several mass-meetings, and invitations to speakers of prominence have been issued, and the South River Democratic Club will take its place in line for the election of Bryan and Kern next November.

The enthusiasm over the ticket is growing in Waynesboro and vicinity, and the loyalty to platform and candidates promises to roll up a record-breaking Democratic vote in this district.

SUPREME COURT OF APPEALS.

Several Cases Heard.—Mrs. Marks's Appeal from Circuit Court Docketed.

STANTON, Va., September 3.—Following is a list of cases which were considered in the Supreme Court of Appeals today.

Hot Springs Lumber Company vs. Tate Sterrett. Argument concluded and case submitted.

Chesapeake and Ohio Railway vs. Corbin's Administrator. Continued.

Adams Express Company vs. Charlottesville. Argument concluded and case submitted.

McIntyre vs. Smith. Argued by A. C. Gordon and J. W. Appleton, appellants, and S. D. Timberlake and R. S. Ker for appellees, and continued.

Johnson, Trustee, vs. Mercereau. Submitted on briefs.

The next case was the Stanton Mutual Company vs. Buchanan.

The court ordered docketed the application of the National Insurance Company of Virginia, Inc., for a writ of mandamus requiring W. B. Barksdale, Judge of the Circuit Court of Lynnhurgh, to sign certain bills of exception presented to him in the case of Mrs. L. C. Marks vs. that company.

The court further ordered that, upon completion of the printing of the records in the case that the same be transferred to Richmond and placed on the privileged docket.

FRONT ROYAL COMPANY INCORPORATED.

(Special to The Times-Dispatch.)
FRONT ROYAL, Va., September 3.—Colonel J. O. Lane Stern, of Richmond, last night inspected Company D, Virginia Volunteer Infantry. The company presented the largest number of men in line for inspection since its organization.

"There's a Reason"

INDIGESTION

A Chelsea Woman Suggests a Course of Treatment.

How to Strengthen the Organs of Digestion and Really Cure the Disease.

There are plenty of remedies by which you can relieve the distressing heartburn, pain and gas on the stomach, and can soothe nervous sensations and induce artificial sleep. But when you take your next meal all your troubles begin all over again.

Some people know that the strength which the weak stomach needs, and for the lack of which the whole body is suffering, can be found surely and quickly in Dr. Williams' Pink Pills, a preparation known in medical circles as the greatest blood and nerve tonic.

In hundreds of instances these pills have succeeded where every other remedy had failed, and in every case the cure was radical.

Miss A. Gertrude Stewart, of 613 Broadway, Chelsea, Mass., obtained no relief from indigestion until she tried Dr. Williams' Pink Pills. Suffering from stomach trouble should profit by her experience. She says:

"I had suffered for years from indigestion and would be in bed for two or three weeks at a time. I tried nearly everything I could think of for relief, but found none. There was a full feeling in my stomach, and I had considerable pain. I was unable to eat my appetite at times, and then again I ate for nothing. I was subject to severe nervous headaches and dizzy spells, and was short of breath. I had very little sleep, and was in very poor health."

"The doctor's prescriptions did not help me, and I took a salt water trip, thinking that might do me good. But as I got no relief I tried Dr. Williams' Pink Pills. I commenced to get better after taking a few boxes, and could eat without the food distressing me. I took several boxes altogether, and can eat anything I want now, and am stronger and in better health."

Every dyspeptic should have a copy of our diet book, which is mailed free to any address. Send postal card request for a copy to—Dr. Williams' Pink Pills, by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

TO KEEP UP WORK ON PUBLIC ROADS

Pittsylvania Supervisors Provide Funds to Continue Operation of Road Machines.

(Special to The Times-Dispatch.)

CHATHAM, Va., September 3.—The sum of \$4,950 was appropriated by the Board of Supervisors of Pittsylvania county today for operating the road machines on the public highways of the county for three months, beginning September 1st. This amount will be equally divided among the six district superintendents of roads of the county. The accounts of the road superintendents for the past three months were audited and confirmed. The seven circuit inspectors of the county were ordered to make a tabulated report not later than the 5th of this month to State Veterinarian J. G. Ferneyhough as to the work accomplished by them, and the reports were to conform to the report of the Federal inspector, who has been working in this county for some time. The remainder of the season was devoted to auditing and allowing a number of small accounts for services rendered the county, after which the board adjourned, to meet on the 12th of October.

The very rainy weather of the last week caused the streams in most sections to overflow their banks, but very little damage has been reported from high water. Farmers have been very uneasy as to the curing of corn, and the weather, which is coloring well, and shinning. The corn crop was too far advanced to be materially benefited, except in places where the heavy winds would improve it already. Late planted tobacco is growing rapidly and looking very well. The weather is now coloring well, and the late planted tobacco is growing rapidly and looking very well. The weather is now coloring well, and the late planted tobacco is growing rapidly and looking very well.

SERVING HIS EIGHTH TERM

Mayor Wooding Officially Honored by the People of Danville.

(Special to The Times-Dispatch.)
DANVILLE, Va., September 3.—Mayor Harry Wooding, sworn in yesterday for his eighth term. Mayor Wooding has continuously held this office for eight years, winning out at every election held during that time by substantial majorities. Mayor Wooding is now in the sixty-fourth year of his age, and has held various positions of trust and honor during his life-long residence here, having been at various times president of the Chamber of Commerce, president of the Young Men's Christian Association, commander of the Cabell Graves Camp of Confederate Veterans, besides holding numerous other minor positions.

Both branches of the newly elected Council have met and effected organization. The president, P. A. Reed, and C. C. Snead, vice-president of the Board of Aldermen, Mr. Swain, who has for several years been president, declining to run again, in the Common Council W. R. Fitzgerald was elected president and D. B. Gardner vice-president. Julian Jordan was elected as successor to P. A. Reed, deceased, as Alderman from the Second Ward, and J. H. Schofield elected to succeed B. J. Swain, resigned, from the Third Ward. W. B. Hockett, who for a number of years has been president of the Common Council, tendered his resignation, and E. R. Smith was chosen as his successor from the Fourth Ward.

NEW CHURCH FOR MONTEREY.

Contract for One to Supplant Old Presbyterian House of Worship.

(Special to The Times-Dispatch.)
MONTEREY, Va., September 3.—A building committee of the Monterey Presbyterian congregation has contracted with Mr. A. W. Hale, of Mount Crawford, for the erection of a new church at that place, the new one to be built of center blocks and the work to be done this fall. Mr. Hale's contract includes only the cement work, but funds are in hand for the completion of the house of worship, which will be modern in every detail and cost approximately \$4,000.

The old church, which will be removed to give place to the new one, was built in 1820, and the pastorate of the late Rev. C. S. M. See, one of the last services to be held in it was a lecture by Rev. M. M. Martin, of Georgia, for four years a missionary to Africa, who has been here to visit his colleague, Rev. J. McC. Skeg. The old edifice was packed, and the influence of an appeal from the two foreign workers \$110 was raised for the purpose of aiding another young Virginia boy to enter the sea of Africa.

Petersburg News

Times-Dispatch Bureau, 109 North Sycamore Street, Petersburg, Va., September 3.

Committees of the Chamber of Commerce and Common Council last evening called on officials of the Norfolk and Western Railway, who were in the city, and held a conference in reference to passenger station facilities here.

Nearly all the members of the committee spoke along the line of urging the company, since the passenger station jointly used by the Norfolk and Western and Atlantic Coast Line, has been partially destroyed, to build a new and substantial station on the city side, as well as to the city as to the roads. As the question is one in which the two roads are interested, neither could speak definitely in regard to the matter, but it was generally understood that a new station would be built, probably on the old site—and that the question of safe approach to the station would be settled within a reasonable time.

The officials stated that they could not see this time discuss the details of the plan for the new station, the matter not having been considered; that they were busy trying to restore sufficient track facilities to move their trains on both lines. Assurance were given that no time would be lost in taking up the matter with the Atlantic Coast Line and getting plans and estimates ready so as not to have any delay.

The conference was exceedingly pleasant and the discussion was conducted with the best feeling on both sides, each side expressing appreciation of the courtesy and kindly spirit shown by the other.

The Atlantic Coast Line finished its bridge over the new channel last night, and its trains are running regularly over it to-day. Pending the building of the new station, temporary passenger station, for the accommodation of the traveling public, has been established in the eastern end of the Norfolk and Western freight warehouse.

The Norfolk and Western this morning started the construction of a trestle bridge across the mouth of the new channel cut by the late flood. This bridge will extend from the rear of the turntable to Second Street. A strong rock dam will be built, which will entirely exclude the water from the cut and station property. The Atlantic Coast Line will build a dam at its trestle, after which the cut will be filled up with rock.

The water in the river has subsided to its normal condition, and in the new channel has become shallow. Conditions around the old station are very much improved. The deflection work has sustained no damage, and is now going on as usual.

Serious Accident to an Old Citizen.

Mr. G. M. T. Bass, one of our best known and most respected citizens, was very seriously, and it is thought, fatally, injured this morning by falling from the high bridge of the Richmond and Petersburg Electric Railway over the river. Mr. Bass conducted a small dairy business in Chesterfield county, supplying customers in this city with milk. The recent flood cut off his communication with his farm by the usual route, and he has since been crossing on the electric bridge. This morning while crossing from the Chesterfield side with his milk cans in his hands, an electric car came along, and he stepped over the side of the water tank to get out of the way. It is said that the car brushed against his milk cans, causing him to lose his balance and fall over the side of the bridge. He fell upon the ground, a distance of between thirty and forty feet. The car was immediately stopped, and passengers and employees immediately went to his assistance, and brought him to Petersburg, whence he was taken to the hospital, where he is now lying, though suffering greatly from shock. He was attended by Dr. J. G. Rennie, who administered to the relief of the shock. A cursory examination developed the fact of very serious injuries, an ugly wound in the forehead, a fracture of the base of the skull, a fractured right shoulder and broken ribs and probably internal injuries. Mr. Bass is upwards of eighty years old, and has rather frail physique, but is favorably known in the community. The accident happened near where the late Samuel Y. Gilliam, of Dinwiddie county, fell from the same bridge and received fatal injuries several months ago. Mr. Bass's physician thinks his injuries fatal.

Injured in Runaway Accident.

Mr. K. W. Harris and his colored driver, Amos Perry, were both injured last night in a runaway accident on the South River. The buggy was thrown out of the buggy in the runaway. Mr. Harris was considerably bruised and jarred, but not seriously hurt. Perry fell upon the railway track and was hurt about the head and shoulders, and was taken to the hospital. The buggy was badly broken.

Amendments to Charter.

The Common Council has adopted resolutions offered by Mr. Stratton, instructing the City Attorney, to investigate and report on "what change or changes, if any, were made in the charter of the city of Petersburg at the last session of the Legislature, giving the authorities by which such change or changes, if any, were made." The City Attorney was further instructed "to give his opinion at the next meeting of the Council whether the charter of the city provides for term of two or four years for paid officers elected by the Council."

In Reference to the first proposition

it has been reported that the City Attorney has advised the Council that the charter without the authority or the terms of the Council, it is thought there may be a conflict between certain sections of the charter bearing on the terms of office of certain officers, which, while the intention was to make the terms of office four years, may, from a legal aspect, make them only two years. The purpose of Mr. Stratton's resolutions is to clear away all possible doubt in the matter and avoid any possible complication of the charter.

Death of an Old Citizen.

Mr. L. B. Tatum, aged seventy-two years, a much respected citizen, died to-day at the residence of his nephew, Mr. H. H. Tatum, of Shepard Street. Mr. Tatum had been in ill health some time in Norfolk, but his health became so feeble that he was advised to return to Petersburg. He is survived by his wife and four children—Mrs. William Beck, of Henderson, N. C.; Mrs. J. W. Milby, of Norfolk; Mrs. Walter Henry, of Manchester, and L. B. Tatum, Jr., of this city. Mr. Tatum was a gallant Confederate soldier and a member of A. P. Hill Camp. He was highly esteemed by all who knew him.

Mr. William T. Green, a well-known citizen, died suddenly this afternoon

of heart trouble at his home on South Sycamore Street. He leaves a widow, one son and one daughter.

Election of Officers.

At the stated meeting of Appomattox Community No. 6, Knights Templars, last night, the following officers were elected: Eminent Commander, H. S. Goward; Generalissimo, William M.

Pooler; Captain-General, C. E. Williamson; Senior Warden, W. D. Blanks; Junior Warden, C. H. Heinemann; Prelate, Chester Shepherd; Treasurer, W. W. Presson; Recorder, John E. Townes; Standard-Bearer, R. P. Moyer; Sword-Bearer, W. A. Williamson; Warden, P. H. Heinemann; Sentinel, Joseph Williamson.

General News in Brief.
No information has been received of the whereabouts of William Mack, negro, the murderer of Telegraph Operator Samuel Mack, who escaped from the jail in Dinwiddie county yesterday afternoon. Mack is believed to have concealed himself in the jail corridor when the prisoners were turned out of their cells for exercise. Yesterday afternoon, after the jailer had fed the prisoners and locked the cells, with all the prisoners behind the bars, as he thought, he went out to get them water, leaving the jail door open. It was during his absence that Mack escaped, though his departure was not known for some time. Mack came directly to Petersburg, talked with friends here, and then left for parts unknown. Mack was tried for murder once, but the jury disagreed, eleven being for hanging and one for a long penitentiary term.

John W. Hill, negro, was sent on for trial from the Police Court this morning on two charges of forgery and obtaining goods fraudulently. He forged his employer's name to orders for goods on merchants. Another case of forgery against him came to light to-day.

Mr. W. T. Waymack left to-day for Denver, Col., to attend the National Association of Stationary Engineers, which meets next Monday. He goes as a delegate from the Petersburg branch of the order.

Catcher Sturdevant, of the Petersburg baseball team, had one of the fingers of his right hand badly split in the game here last evening, and in consequence will be held off a few days. At 8 o'clock last evening, at the residence of Mr. and Mrs. Edward Nunnally, in the western part of the city, Miss Lulu Mason Milton, daughter of Mr. Frank Milton, of Prince George county, was married to Mr. Robert L. Newton, of the Petersburg Fire Department, the Rev. C. B. Richards officiating.

The entries for the Petersburg Horse Show on September 11th and 12th have been large, and many more are expected, some of them from the Warrenton show. Among the entries to-day are those of Mrs. Allen Potts, jumpers, saddle and harness horses, and those of A. Randolph Howard, of Fredericksburg.

BURGLARS GO AFTER MONEY AND MAKE WATERHAUL.

(Special to The Times-Dispatch.)
NORFOLK, September 3.—Unknown thieves effected an entrance into the grocery store of Mr. Walker in Brambleton some time last night, but were after money only, and made a water haul, and escaped with a large sum of money. Mr. Walker conducted a small grocery store in Chesterfield county, supplying customers in this city with milk. The recent flood cut off his communication with his farm by the usual route, and he has since been crossing on the electric bridge. This morning while crossing from the Chesterfield side with his milk cans in his hands, an electric car came along, and he stepped over the side of the water tank to get out of the way. It is said that the car brushed against his milk cans, causing him to lose his balance and fall over the side of the bridge. He fell upon the ground, a distance of between thirty and forty feet. The car was immediately stopped, and passengers and employees immediately went to his assistance, and brought him to Petersburg, whence he was taken to the hospital, where he is now lying, though suffering greatly from shock. He was attended by Dr. J. G. Rennie, who administered to the relief of the shock. A cursory examination developed the fact of very serious injuries, an ugly wound in the forehead, a fracture of the base of the skull, a fractured right shoulder and broken ribs and probably internal injuries. Mr. Bass is upwards of eighty years old, and has rather frail physique, but is favorably known in the community. The accident happened near where the late Samuel Y. Gilliam, of Dinwiddie county, fell from the same bridge and received fatal injuries several months ago. Mr. Bass's physician thinks his injuries fatal.

YOUTH ARRESTED ON CHARGE OF FORGERY

(Special to The Times-Dispatch.)
MONTEREY, Va., September 3.—Newton Wolfe, a youth of eighteen, was to-day arrested and charged with a charge of forgery. About six weeks ago young Wolfe came from West Virginia to his home near Vanderpool, in this county. He presented a check at Swadley Brothers store for \$22.50, the value of the check being a West Virginia bank. The fact that the check had been raised from \$2.50 was not discovered until it went back for payment at the bank. Wolfe is a native of this county and is a student at the University of Virginia.

STRONG INDICED FOR MURDER, BUT NOT YET CAPTURED

(Special to The Times-Dispatch.)
NORFOLK, September 3.—James Strong, who is yet to be captured, was indicted to-day on the charge of murdering Patrolman Winger of the Portsmouth police force. His wife, Maggie, who swore out the warrant charging assault and which the patrolman was serving when killed, was the principal witness before the grand jury.

Appointed to Cadesboro.

(Special to The Times-Dispatch.)
NORFOLK, September 3.—Congressman Harry L. Maynard has named

Ward Freeman and Lee Capps Rescue Mrs. Fourquean at Cape Henry.

(Special to The Times-Dispatch.)
NORFOLK, September 3.—Mrs. Joseph P. Fourquean, of Richmond, daughter-in-law of Mr. J. M. Fourquean, of the firm of Fourquean, Temple & Company, had quite an experience yesterday in the life-saving station, and was only rescued by the heroic work of two young boys, Ward Freeman and Lee Capps.

Mrs. Fourquean was bathing between the shore and the sandbar. This portion of the beach is comparatively safe, but, as a result of the recent storms, a small hole has been made, several feet in circumference, in which there is a strong current. Mrs. Fourquean stepped in this, and, owing to the severe undertow, was unable to get back in shallow water. She had presented of mind enough not to struggle or to give up in the danger, although she could not get out of the hole. She succeeded in jumping above the water, catching her breath at each clearing of the water, but was being gradually swept out.

The two boys, who saw the water, while the other was on the shore, but in his bathing suit. They went to Mrs. Fourquean's assistance. She acted coolly, and impeding their efforts, and soon had her in shallow water. In the meantime the alarm had been given and life-savers and cottagers had arrived on the scene. But the boys had gotten the young woman within the danger line. While greatly frightened by her experience, Mrs. Fourquean showed no ill effects beyond great fatigue, and did not need the services of a physician.

Both of the young boys are being congratulated on their excellent work. While very young, both are excellent swimmers, and Mrs. Fourquean being cool and collected in the emergency, had no trouble in effecting a rescue. The danger is not considered great at the point where she was in the water, but for the high tide and hole into which she stepped, the accident could not have occurred.

MONT VIEW IS BURNED.

Residence of Mr. Sawyer, Near Kewick, Destroyed by Fire.
(Special to The Times-Dispatch.)
CHARLOTTESVILLE, Va., September 3.—"Mont View," the valuable residence of Mr. John D. Sawyer, situated within a few hundred yards of Kewick depot, was totally destroyed by fire yesterday afternoon, together with a small house for the servants. All of the furniture in the building was saved, with the exception of the contents of one room.

The house was occupied by Mrs. William A. Sawyer, who has the sympathy of the neighbors in her misfortune. She lost all of her handsome table linen and many personal belongings. Mr. Martin, a Princeton student, who was stopping at the house, lost his clothing and all his baggage.

The fire originated in the kitchen and had made rapid headway before it was discovered. In less than an hour the structure was in ashes. "Mont View" was originally owned by the Hancock family. After its purchase by Mr. Sawyer, considerable improvements were made to the building. The dwelling was a frame structure of two and one-half stories, and was valued at \$5,000. It was insured for only \$3,750.

Elected Member of Board.

(Special to The Times-Dispatch.)
DANVILLE, Va., September 3.—At a recent meeting of the board of directors of the Danville Co-operative Warehouse Company, Mr. A. O. Nelson was elected as a member of the board to fill the vacancy caused by the death of James P. Acree.

Alexander Hamilton.

NO man—not even George Washington—has left a more lasting impression upon our higher laws and institutions than this romantic and handsome young Revolutionary General and Statesman, who died so tragically in a duel at the very zenith of his fame.

Upon every clause of the Constitution of the United States his individuality is indelibly stamped. Daniel Webster says of him: "He smote the rock of National resources and abundant streams of revenue gushed forth; he touched the dead corpse of public credit and it sprang upon its feet."

He believed in protecting the brewing industry, and drank good beer all of his days.

GALLANT BOYS SAVE LADY.

Ward Freeman and Lee Capps Rescue Mrs. Fourquean at Cape Henry.

(Special to The Times-Dispatch.)
NORFOLK, September 3.—Mrs. Joseph P. Fourquean, of Richmond, daughter-in-law of Mr. J. M. Fourquean, of the firm of Fourquean, Temple & Company, had quite an experience yesterday in the life-saving station, and was only rescued by the heroic work of two young boys, Ward Freeman and Lee Capps.

Mrs. Fourquean was bathing between the shore and the sandbar. This portion of the beach is comparatively safe, but, as a result of the recent storms, a small hole has been made, several feet in circumference, in which there is a strong current. Mrs. Fourquean stepped in this, and, owing to the severe undertow, was unable to get back in shallow water. She had presented of mind enough not to struggle or to give up in the danger, although she could not get out of the hole. She succeeded in jumping above the water, catching her breath at each clearing of the water, but was being gradually swept out.

The two boys, who saw the water, while the other was on the shore, but in his bathing suit. They went to Mrs. Fourquean's assistance. She acted coolly, and impeding their efforts, and soon had her in shallow water. In the meantime the alarm had been given and life-savers and cottagers had arrived on the scene. But the boys had gotten the young woman within the danger line. While greatly frightened by her experience, Mrs. Fourquean showed no ill effects beyond great fatigue, and did not need the services of a physician.
